Steve Febryanto Tan

Undergraduate Computer Scienc Student at Binus University

+62 81353795500 | stevetan26022005@gmail.com | Paddington Heights, Alam Sutera, Tangerang

Profile

I am a dedicated Computer Science student at Bina Nusantara University, specializing in Artificial Intelligence with a passion for turning complex tech into practical solutions. I have developed a solid foundation in Machine Learning, Deep Learning, Natural Language Processing, and Speech Recognition, and I'm also expanding my knowledge in Data Analysis and Web Development.

Skills

- Machine Learning & Deep Learning
- Web Development (html, css, react and more)
- C / C++, Java OOP
- Language: English and Indonesian

Experience

Software Engineering in CV. Venus   06/2025 – 08/2025

- Led end-to-end development and deployment of CV. Venus e-commerce platform with a custom "Venus" visual theme.
- Built live-search shop, cart & checkout flows, order history, and account management.
- Designed Postgres schema (products, orders, order_items, discounts) and enforced Row-Level Security (RLS).
- Implemented server-side transactional inventory deduction using Supabase service role for data integrity and security.

GMS Church — Connect Group Co-Leader   02/2024 – Now

- Mentored members, led worship services, prepared materials for small-group sessions.

GMS Church — Multimedia & Live Production Team   02/2025 – Now

- Operated cameras, managed live streaming, and ensured broadcast quality.

GMS Church — Welcome Home Lounge PIC   04/2025 – Now

- Coordinated newcomer onboarding, managed volunteers and reception logistics.
